NEW CONSTRUCTION

**400**  
SERIES

# 400 SERIES

The Series 400 New Construction Window gives you exactly what you're looking for in an economical window: value and performance. The frame and sash are fusion-welded to provide years of trouble-free performance. The sleek lines of the sash maximize the daylight opening for a bright home interior. The 3/4" insulating glass made with warm edge Duraseal™ spacer system provides an effective barrier to both heat loss and sound transmission.

## FEATURES

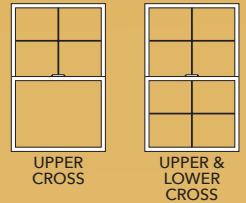

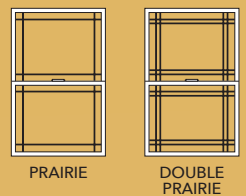

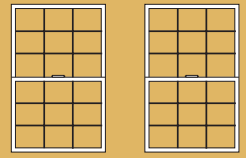

- Fusion-welded frames and sash for maximum strength and integrity.
- Low-profile pocketed head maximizes viewing area
- 1 1/4" slotted nail fin with patented 3/4" J channel for ease of siding installation
- Structural mulling capabilities allows stacked multiple units
- Multiple pieces of weather-stripping prevent air infiltration
- 3/4" double-glazing with low-emissivity glass improves condensation resistance and comfort; add enhanced low-emissivity glass with argon for best Energy Star rating
- Low-profile tilt latches are easy to operate; high-performance, sloped sill guards against water infiltration and promotes water runoff
